Numerical Comparative Statics in a Dynamic System: Ball Python Breeding

Donald M. DiJacklin

27 May 2018

ROADMAP OF SEMINAR

1. The Goal
2. The Ideal Data
3. The Possible Problems
4. The Alternatives

The Goal

1. Simulate snake breeding to see the effects of changing various parameters.
2. Use data to identify price trends.
3. Simulation including pricing model.
4. Make usable product (possibly)

The Ideal Data

Pos Het Albino
Ball Python Baby/Juvenile
Python regius

Sex: ♀
Traits: Cinnamon Pastel
66% Het Albino   Axanthic (Jolliff)

Birth: 4th June 2017
Weight: 234g

Breeder:

American Made Exotics, LLC

Premium
MEMBER

Location: Portsmouth, Virginia 🇺🇸

Price: US$199.00
